New Name. Endless Possibilities.

Honoring the **Richard M. Schulze Family Foundation**

Creating a brighter future for Southwest Florida

Some moments change the future of cancer care forever. Today, we're honored to announce that the **extraordinary generosity of the Richard M. Schulze Family Foundation** marks a defining moment in our history.

With Mr. Schulze and his foundation's historic gift, we can enhance the world-class, comprehensive care we provide for the community, improving access and advancing treatment options for **generations to come**.

This donation is the cornerstone of a legacy that began in 2023. The **Richard M. Schulze Family Foundation Cancer Clinic** in Estero gives patients access to the compassionate care and expertise previously available only at our Regional Cancer Center in Fort Myers.

In recognition of the Schulze family's **remarkable commitment to advancing the fight against cancer,** we proudly begin a new chapter as the **Lee Health R.M. Schulze Cancer Institute.**

Same exceptional cancer care, New hope for Southwest Florida
