

The Power of Nurses. There When it *Matters Most*.

In gratitude to all the nurses of University of Rochester Medicine, Finger Lakes Health: Soldiers and Sailors Memorial Hospital, Geneva General Hospital, the Living Center at Geneva North, the Living Center at Geneva South, Huntington Living Center, The Homestead, and all Finger Lakes Health Medical Practices.

We are incredibly proud to celebrate each and every one of you during National Nurses Week. This year's theme, *The Power of Nurses*, perfectly reflects the strength, compassion, and dedication you bring to our patients every single day.

Whether you're holding a patient's hand during a difficult diagnosis, comforting a worried family member, or noticing a symptom that changes the course of treatment, your impact - no matter how large or small - is always significant. You are the heart of healthcare.

Our nurses' clinical expertise, tireless dedication, and genuine care do not go unnoticed. You give so much of yourselves and deserve to be personally acknowledged. You are truly appreciated, commended, and respected. We are deeply grateful to have you on our team.

You deserve to be celebrated not just this week, but every day of the year.

Thank you!

Sincerely,
Gregory Hoffman-Fragale, DNP, MHA, RN, NEA-BC, CCRN, GERO-BC, CENP, LNHA
