

# 5-Day Prostate Cancer Treatment, **CLOSE TO HOME!**

According to the American Cancer Society, about 1 in 8 men will be diagnosed with Prostate Cancer during their lifetime.

Fortunately, men diagnosed with Prostate Cancer in Central New York have options – like CyberKnife radiation treatment – **close to home** and exclusively at Hematology-Oncology Associates.

Compared with conventional radiation therapy treatment – which can take up to 45 days – CyberKnife provides safe, effective treatment of Prostate Cancer in only 5 days! Without surgery. Without damage to nearby tissues. And without anesthesia or hospitalization!

Call or visit [hoacny.com](http://hoacny.com) to find out if you are a candidate for Prostate Cancer treatment with CyberKnife.

**HOA... When you need us. Where you need us.** With three locations – East Syracuse, Auburn and our newest center in Camillus!
