

CEMETERY SPRING CLEAN-UP

Spring Clean Up will begin soon at St. Mary's and St. Patrick's Cemeteries.

All items from the previous year, including wreaths and stands, must be removed by April 1.

Cemetery rules and regulations state that no more than two (2) flowerpots or urns per lot will be permitted. Solar lights and shepherd hooks are not permitted because of liability issues. No glass containers, no in-ground planting of flowers, trees bushes or shrubs will be allowed, Maintenance will remove and dispose of items on lots not complying with these requirements at any time. These are safety regulations imposed by OSHA, not our rules.

If in doubt, please call the Cemetery Office for clarification. (789-7180)

Thank you for your cooperation.
