

We've Got **FIVE**. Watch Us Thrive!

For the fifth consecutive time, F.F. Thompson Hospital has achieved Magnet® recognition from the American Nurses Credentialing Center (ANCC), joining an elite group: Less than 10% of U.S. hospitals are Magnet-recognized facilities, and only about 1.5 percent have received a fifth designation.

The gold standard for nursing excellence, Magnet status illustrates the exceptional knowledge, skill, dedication, and compassion our nurses demonstrate every day. With the ANCC requiring a hospital to meet rigorous quality standards, patients can be assured of the highest level of care at Thompson Hospital.

Please join us in congratulating our nurses on this incredible milestone!
