ORDER GRANTING CONTINUANCE

This matter came before the Court on a Motion for Extension of Time and to Reset Hearing filed by counsel on behalf of Demetrius Haley. This motion is in response to the motion filed by the Media Coalition which was filed March 17, 2023. After consultation with all parties, and with no objections from any parties, the Court finds the motion well taken and grants the motion for extension on behalf of all defendants and resets the May 1, 2023 hearing. This order hereby eliminates the hearing and all other business regarding this matter and these defendants that was previously set May 1, 2023. The hearing on the Media Coalition's motion will now be set to be heard May 19, 2023 at 9am. The presence of each of the Defendants is waived for this hearing. The May 19th setting will only be used to address Media Coalition's motion. All other business concerning this case and these defendants will be heard June 5, 2023, at which time the Defendants will be present.
