

## **Residential Care Center Update**

City Lights remains deeply committed to serving our neighbors experiencing homelessness and appreciates the City of Tulsa's efforts to address this crisis.

Our involvement with the Residential Care Center (RCC) was rooted in a shared vision and a clear understanding of our role and commitments—to both the city and the surrounding North Tulsa community. Through many conversations and the nearing of the opening, the city's goals and priorities for this program have evolved. To stay true to our mission and the commitments we made, we've made the difficult decision to step away from operating the facility.

Our commitment to serving people experiencing homelessness remains unwavering. We will continue focusing on efforts that align with our mission, expertise, and the core values that guide our work and we wish the city well as they move forward in this endeavor.

We remain committed to collaborating in ways that strengthen our community and look forward to continuing our current programs and the development of City Lights Village to serve our neighbors experiencing homelessness.
