**"Training Young Minds Today...To Be The Leaders of Tomorrow**

February 11, 2025

Parents and Guardians,

I am writing to inform you of a serious issue involving our Athletic Booster Club for Lone Star School. School district leaders started an internal investigation after being notified by a vendor of non-payment. A review of financial records was completed and discrepancies in the Lone Star Booster Club account were identified. Based on those findings, the district notified local law enforcement and a police report was filed. The suspected mismanagement of funds was determined to be limited to one individual.

The Booster Club for Lone Star School is a separate organization and the district does not handle the day to day management of the funds or expenditures.

During the investigation it was also discovered that some deposits were not completed into the cheer fund which is managed through the school activity account. The suspected individual handled money for both the Booster Club and cheerleading. The individual's employment by the district was terminated.

I understand that this news may be concerning and want to assure you that we took and are still currently taking all necessary steps to address the situation while under an active investigation. The Booster Club has realigned officers, reviewed accounting protocol, and has added additional measures to assure transparency in an effort prevent similar issues in the future.

The Booster Club organization has always been committed to supporting our student athletes by raising funds for pre-game meals, student resources, activities, and the yearly banquet. We look forward to their continued support of our student athletes.

Sincerely,

Tracie Hale  
Superintendent  
Lone Star School
