Santa Facial

\$75
(45 min)

Begin with premium detoxifying cleansers to deeply purify the skin. We apply our viral oxygen mask to the lower half of the face — creating a bubbly, Santa-beard effect — perfect for oily or acne-prone skin. The upper half is treated with a brightening cranberry enzyme mask for gentle exfoliation and holiday radiance. Your treatment finishes with a relaxing massage and nourishing finishing products to leave the skin detoxed, smooth, and glowing.

This warm, cozy treatment starts with a hydrating cleanser followed by our yummy chocolate mask, packed with antioxidants to boost hydration, circulation, and anti-aging benefits. We layer on a soothing marshmallow whip mask for extra moisture and finish with a relaxing massage and rich, nourishing products. Perfect for dry, dull or winter stressed skin needing a hydration boost.
