Federal laws limit the amount of Fuel Saver rewards that can be earned related to certain pharmacy purchases by individuals enrolled in Caremark, Medicare, Medicaid, or other federal health benefits programs, such as Tricare. Therefore, the maximum Fuel Saver rewards individuals enrolled in a federal health benefits program can receive per promotion is \$0.75 cents/gallon and the maximum benefit a beneficiary can receive per year is \$60.00 total. Note, these limits do not apply to individuals covered under the Federal Employee Health Benefit Program. No cash value.
