

**PACIFIC NORTHWEST GENERATING COOPERATIVE**  
**Corvallis, Oregon**  
**Has applied for Renewal of their Title V Federal Operating Permit**  
**(No. 02-9503)**

The Department of Environmental Quality (DEQ) has conducted a preliminary review of this application and is providing an opportunity for public comment. Activity at the facility consists of combustion of landfill gas in engines to generate electric power. The draft permit contains no pollutant emission limit increases. The facility is located in an area designated in attainment for all criteria pollutants. More information on this facility's emissions of air pollutants is contained in the review report.

The application, draft permit, review report, and relevant information are available for public review, by appointment, at DEQ's Western Region-Salem Office, 4026 Fairview Industrial Drive SE, Salem, Oregon, by calling (503) 378-5305. To obtain a copy of the draft permit call Patty Hamman at (503) 378-5305.

Written comments must be received no later than December 20, 2016, and may be submitted to the DEQ office processing the permit:

Department of Environmental Quality  
Patty Hamman/Air Quality Section  
4026 Fairview Industrial Drive SE  
Salem, OR 97302

If written requests from 10 persons, or an organization representing at least 10 persons, are received on this application, DEQ will provide a public hearing. Requests for hearing need to clearly identify the air quality concerns about the draft permit. Requests for hearing must be in writing and must be received by December 20, 2016.

The Department will review all information received during the public review period. Following this review, the permit may be modified. The proposed permit will then be forwarded to EPA for comment prior to issuance.
