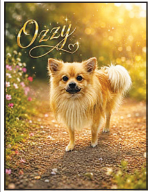
OZZY



Ozzy is proof that sometimes a dog just hasn't found the right fit yet. This sweet adult Pomeranian arrived at the shelter after spending only three days in his most recent home. His adopter quickly realized that her two older dogs were not interested in Ozzy's youthful enthusiasm and energetic personality. Rather than forcing everyone to be unhappy, she made the difficult decision to surrender him so he could find a home better suited to his needs.

Unfortunately, because Ozzy was only there a short time, we don't know much about his past. What we have learned is that he's a very sweet boy who enjoys people and is eager to be part of a family.

At about 15 pounds, Ozzy is a larger Pomeranian with energy to spare. Daily walks and regular activity would help keep him happy and healthy. He may enjoy another friendly dog, but he could also thrive as an only pet. We think he'd do best with older children and a family committed to regular grooming and lots of love.

Pick of the Counties 1st Place 2025 Winner

GIGGLES

Her name says it all! Giggles is a 3-month-old brown tabby kitten who is guaranteed to bring smiles wherever she goes.

This sweet little girl has all the wonderful qualities people love about kittens. She's playful, curious, affectionate, and always ready to investigate something new. Whether she's chasing a toy, climbing to a new perch, or curling up for a nap after a busy day, Giggles approaches life with enthusiasm.

Bringing home a kitten means welcoming plenty of fun and a little bit of mischief, too. Giggles is still learning about the world and will need a family committed to helping her grow into a happy, well-adjusted adult cat. With patience, consistency, and lots of love, she'll reward her new family with years of companionship.

Giggles is ready to leave shelter life behind and begin her next adventure with a family who will cherish her forever. If your home could use a little extra happiness, come meet Giggles and see if she's the kitten you've been waiting for.
