Robin,

Thanks for sharing this. I love this idea! Even though it wasn't noted in the application (that I can recall off the top of my head), it's a nice feature which speaks to the uniqueness of the projects within this District. I'm glad the plan will continue with G8.

I don't know that we'll need to take this up specifically, as we've kept contingencies pretty high level with financing and development and/or operating agreements. I'm pleased to see such positive dialog going on in Mason City. Have a great week!

Alaina

Alaina—

See email thread below regarding the inclusion of a sculpture in the hotel project. As background, Gatehouse Capital had approached the River City Sculptures on Parade committee about assisting the developer in sourcing a sculpture to be placed outside the new hotel. They gave us a "budget" of \$35,000-\$40,000 and requested a "music" theme as subject matter. Our plan was to bring them 3-4 to choose from, depending upon what we can find.

I am not sure this needs to be included in the stipulations, but I wanted to make you aware of it. The great news is that Mr. Chodur responded so favorably!

We will be happy to work with the sculpture committee. I'm traveling back to San Diego now. The next time I'm in town I would very much like to meet with you. I truly believe we all want the best for Mason City. Take care.
