Dear Directors

We are still under the contract set in place with Previous Administration on the buy out. There is language in that contract of certain topics that we as a board are not to comment on, so be very mindful of your communications and or responses to press.

I am sending you emails I am getting and I am not responding until all is vetted out. I will not send every email just this example for you to be aware they are probably coming to your inbox soon.

We do not want to put our district at risk We want to be transparent and yet we need to be responsible

Thank you

Jodi

Morning:

Nelson Lampe here with The Associated Press in Omaha, helping my colleagues in Des Moines.

I'm preparing a small story about the results of the latest Iowa audit, which has uncovered \$2.13 million more in improper disbursements by the school district.

Now the you and the rest of the school board have the audit information, what will you do with it? Seek reimbursement from the current or former employees, including Dr. Micich? Seek criminal or civil action in the courts?
