Subject: Plea deal for Dean Hilpipre

Mr. Dunn:

How dare you offer a plea deal to a child molester? Dean Hilpipre deserves to be in prison for his crimes against [REDACTED]. Shame on you for dropping charges, recommending that his sentence be suspended and that he only serve probation. I bet you'd feel differently if it was your daughter or granddaughter that was molested by this monster. He needs to be put away so that he cannot hurt anyone else and so that his victim can feel safe in the world.

I am angry and have started an on-line petition which demands better treatment of the citizens of Iowa.
