

To whom it may concern:

We have known David Bernis for about 12 years. In that time, David has shown to us that he is a caring individual towards his family and friends. He is always willing to lend a hand when needed, and will do anything for his family including two children, Eric and Sirena. David is a laid back, easy going, a normally cheerful individual who recently married, and is awaiting his wife's arrival in the United States. David has helped organize a fundraiser in 2009 to help us recover from a house fire. During that time, he assisted us in several ways to rebuild our home. He has stood by this children on several occasions they needed a strong father figure as children often times do.

David had never given us any reason to be concerned for the safety or well being of ourselves and our children. He has always been one to look out for the safety of everyone else. The charges against David, while shocking to his friends, do not reflect the person he is. They reflect a moment of bad decision making, and he is very remorseful for his actions. Please do not let one moment of bad decisions dictate the rest of his life. He is truly an excellent, productive citizen, who made one bad choice.

Sincerely,

Joel and LaBeth Sasse
