Subject: Dean Hilpipre sentence

I am emailing you to say that this man needs to serve many years behind bars.

What he did to [REDACTED] will haunt that girl that rest of her life and he wants to be free and live life like nothing happened is so wrong.

About 14 yrs ago I put my ex husband in prison for sexually abusing my daughter. It was his second time in prison for this type of crime. I do not feel anyone who sexually abuses a child is able to rehabilitate.

If Mr Hilpipre can do this to [REDACTED] he can do it to anyone.
Please consider sentencing him to 10-15 yrs in prison.

Thanks,
[REDACTED]
