Subject: Fwd: Special session request

Good morning,

I received this request from director Lala please reply with a yes or a no if you're willing to have a special session to discuss termination.

Thank you,

Janna Arndt

Subject: Special session request

President Arndt,

I would like to request a special closed session of the board to discuss terminating the superintendents contract due to her continued insubordination of the elected Mason City Community Schools Board of Education. A few insubordination examples include refusal to include the board concerning insurance matters as directed in a meeting, listing the school as a partner in the Abroad Education program without board approval, offering a Mason City High School Diploma for students studying in China without board approval and misrepresenting the intent of the Abroad Education program with China. Please note these are only a few examples.

I would also like our name removed from this website until the board votes on this issue.

If the board is able to legally obtain e-mail copies between Dr. Micich and Tom Pinkham from Abroad Education I would like to obtain the last year of E-mails as well.

Respectfully,

Lorrie Lala
