Your Honor,

My name is Maria, wife of Mr. David Bemis. We've met each other on Facebook nearly 5 years ago. We became friends and then later started to talk daily. We were engaged a year ago in February and recently married on May 22nd. I find him very likeable and very trustworthy. Ever since, we never had any arguments. He's very respectful. I admire him a lot for being a very responsible, loving, and caring father to his kids. He even make sure my kids are okay too. He treats my kids as his own too. I have 3 children ages 21, 20, and 14 and they all look up to him as their own dad.

He's facing a situation that his loved ones have never imagined he could really do that on purpose that could result to a crime. I hope you listen to him and consider his apology. Being a responsible and a good provider, he needs to be home for his son and that he needs to work so he can perform his duties.

Thank you very much for your consideration.
God bless.

Very sincerely,

Maria Bemis
