Alone together: Life after marriage starts with season 2 of 'Divorce'

By Kat Mulligan
TV Media

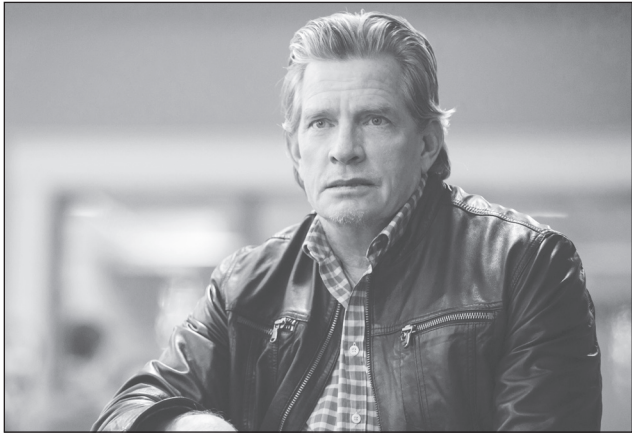

As you select the perfect invitations and the song for your first dance, or slice into that beautifully overpriced wedding cake, you're likely not pondering the "D" word. Surrounded by love and happiness, the wedding day goes by so quickly that it can be a challenge to remember how you got there in the first place. As the years pass, it can be harder still to remember why you've stayed.

No one likes to talk about it, but marriages do end, and seldom do things go smoothly. Perhaps this is why "Divorce," with season 2 premiering Sunday, Jan. 14, on HBO, resonates deeply with so many of its viewers.

The series first aired on Oct. 9, 2016, and its pilot episode quickly jumped into the often hush-hush topic of divorce with a generous touch of dry humor. Frances Dufresne (Sarah Jessica Parker, "Sex and the City") and her husband, Robert (Thomas Haden Church, "Sideways," 2004), have spent several years together, but Frances has grown to realize that their marriage isn't working and that she has fallen out of love with him. She wants a divorce.

What follows, after the initial shock (and vomiting), is all too relatable for those who have experienced this life-altering event. Accusations fly, discussions of affairs, both emotional and physical, abound, property is destroyed or discarded, and their children are caught somewhere in between. When mediation isn't enough, Frances and Robert both acquire their own lawyers to ease the process, though it seems that they, along with well-meaning family and friends, further expand the divide between husband and wife, creating reluctant enemies out of once friends.

A unique trait of the series is the willingness to put divorce front and center — to have a subject often confined to whispered conversations and out of the public sphere thrust out into the open. For Parker, this was the series' great appeal. While discussing "Divorce" during AOL's Build Series, Parker reflected that while "there [are] lots of television shows about families and marriages" that are "very buoyant"

Thomas Haden Church stars in "Divorce"

and often "really cozy," there was a lack of shows willing to tackle divorce. Parker was interested in portraying this other, less joyous but equally familiar aspect of modern life, as "all of us know somebody who has contemplated divorce, been divorced, survived divorce ... divorce was their undoing."

The need to have a show that would explore this, both dramatically and with a dash of necessary wit, was key for Parker, and why she had long championed the series, working toward seeing it realized for nearly four years prior to the start of its production.

The season 1 finale of "Divorce" exemplified the pettiness that the process brings out in both parties. A decision by Frances and her lawyer, Elaine (J. Smith-Cameron, "Margaret," 2011), to freeze Robert's access to funds halts his ability to move forward with his own business pursuits, all while Frances celebrates the opening of her own dream: the Hudson River Contemporary Gallery. Robert makes it up to her, however, by initially agreeing to let Frances take their children — Tom (Charlie Kilgore, "Moonrise Kingdom," 2012) and Lila (Sterling Jerins, "World War Z," 2013) — skiing during his weekend with them, only to call the police on her, ending the potential bliss of a getaway.

It's no surprise then that season 2 establishes that the divorce has been made legal right from the start. The trailers emphasize the possibilities that lie ahead once the legal process has been finalized. Discussions of freedom and being able to pursue new relationships and experiences abound, but it isn't surprising for either Frances or Robert to realize that life isn't

any less complicated. Trying to juggle being good parents while navigating the world of dating and learning to accept the changes in their own ways of relating with each other will provide much depth, insight and even hilarity as the season progresses.

It's a poignant moment in the lives of the now divorced Dufresnes, a moment dreamed of in season 1 but now being actualized in season 2. Parker also discussed this during her AOL Build talk, noting the pivotal words spoken by Frances in the series' pilot episode that are essentially a "fulcrum for the show." When speaking with Robert, Frances says: "I want to save my life while I still care about it" — a sentiment that Parker believes speaks to all of us, as "we can all understand what it means to see a future and not know if you're going to be able to capture any of it."

Season 2 of "Divorce" is all about Frances and Robert getting a chance to realize their possible futures in the most individual of senses. Their lives and the potential to realize dreams they may have suppressed or compromised on for the sake of their marriage now have a chance to become reality.

A separation is never easy, and a divorce is perhaps the most socially awkward kind of separation. It's often mourned but seldom celebrated. The end of a marriage is often treated like a death, but that is only because we fail to see the possibilities that come with the rebirth of these individuals who have now regained their autonomy. Open your mind up to what could be and what comes after, when season 2 of "Divorce" premieres Sunday, Jan. 14, on HBO.

K (Gosling) is a replicant: a bioengineered human who works as a Blade Runner, an agent that hunts down and exterminates other replicants that have gone rogue. When, during a mission, he finds evidence of a replicant that has given birth — something that was thought impossible — he begins heading down a dangerous path that could spark an all-out war between humans and replicants. As he searches for the truth, his path begins to draw him closer to finding Rick Deckard (Ford), a former Blade Runner who disappeared years earlier. *Director: Denis Villeneuve. 'The Kitchen' is a Saturday morning delight

By Andrew Warren
TV Media

So, how are those New Year's resolutions coming along? They're something almost all of us make, even if we know that we're not going to stick with them for very long, but I guess it's the thought behind them that counts, right?

A pretty common resolution is to find ways to save more money. After all, life isn't getting any cheaper, and I think most of us wouldn't mind having a few extra bucks kicking around at the end of the day. Luckily, the hosts of "The Kitchen" are on it this week. The Saturday morning talk show on Food Network is always packed to the brim with fantastic tips and tricks, and this

week's episode, airing on Saturday, Jan. 20, is no exception.

This week, the hosts are cooking on a budget, and the penny-pinching advice that they have can be useful for anyone who does the grocery shopping and kitchen prep. First, host Sunny Anderson ("Cooking for Real") shows off how to make a super-affordable but oh-so-delicious meat and potatoes bundt loaf that definitely won't break the bank. Later, the hosts break down a shopping cart and share their expert advice on where to get the best prices for some common grocery items.

"The Kitchen" really is a Saturday morning delight. Along with Anderson, Jeff Mauro ("Sandwich King"), Katie Lee ("Beach Bites with Katie Lee")

and chef Geoffrey Zakarian ("Iron Chef America") all serve as co-hosts, and it's easy to tell that the rapport between them is very real. Every week, the four share a few delicious recipes and advice, and the show's frequent guest visitors help to keep things fresh.

It isn't just about the delicious food and the cheery company, though — at least, not with Zakarian on the job. The man may be a genius in the kitchen, but he's also a skilled mixologist, and every week he creates a tasty cocktail to share with his co-hosts.

Good food, good drinks and great company — that's what "The Kitchen" is all about Saturday mornings on Food Network.

Jeff Mauro, Sunny Anderson, Geoffrey Zakarian and Katie Lee co-host "The Kitchen"

Hollywood Q&A

By Adam Thomlison
TV Media

Q: Is Louie Anderson still active? I haven't seen him in a while.

A: Louie Anderson is as active as he ever was, but it's not quite as easy to see the activity. It used to be easy to see the famous and famously gap-toothed standup: you could see him every day hosting "Family

Feud" for three years, from 1999 to 2002. Prior to that, in the mid-'90s you could see him once a week in his very own show "The Louie Show" and hear him once a week in his cartoon "Life With Louie," in which he did most of the voices. During this time, and in the decade beforehand, he was also a frequent guest on game shows such as "Hollywood Squares" and in comedian-friendly late-night shows such as "The Tonight Show" and "Late Night With David Letterman."

It's a little harder to see him now, but he's still quite busy. I'll start with the easiest: he's an Emmy-nominated supporting star in the FX sitcom "Baskets." This show's a little harder to find than his previous series work in that it's on cable instead of broadcast, and his name isn't right in the title. He's also doing frequent guest work, such as in an episode of Comedy Central's "Drunk History" in 2016 (well cast as Winston Churchill) and the animated Disney XD comedy "Pickle and Peanut" in 2015.

Arguably the hardest way to see him is the one taking up most of his time: he's gone back to regular touring, appearing at venues around North America. In his hey-day, even his live performances were easier to catch, or at least more predictable: he had a residency at the Palace Station Hotel & Casino in Las Vegas, in a theater called — not surprisingly, perhaps — the Louie Anderson Theater.

Q: I know it just came back and all, but do you know if "Nashville" is going to get another season after this?

A: Savor every note of this season, fans, because this is it. The show's second life on CMT (which came after it was canceled by ABC) is nearing an end: the cable channel announced that this sixth season will be the show's last. As has been the case with previous seasons, this one will air in two parts — the first half is airing now, and the final half, including the series finale, will air in the summer. The show's executive producer, Marshall Herskovitz, promises it'll go out with a bang. As is

usually the case in these good-bye statements, he thanked the fans for their loyalty and support, but he concluded by saying, "we want to return the favor with a final season that celebrates all the joys and passions, twists and turns — and amazing music! — that made Nashville such an exciting journey for the last six years."
