

FREE Treadmill

I bought this a year ago and used it off and on during inclement weather. Usually I put my ipad on the shelf and watched something while I walked. But I'd like to move it on now. It's easy to set up and fold. When folded it takes up little room.

I have the user booklet and all that's needed for set up. No charge for it. My doctor advises that I walk more hills outdoors. I decided that I will free up space if I will not be using the treadmill.

If interested, please text Karen at 425-220-2755. Location: Mount Vernon. You haul.
