**We are so thankful to the families that trusted us in their time of need. None of the comments below are possible without my incredible staff.**

**Thank you so much for this honor, Leslie Thackery**

**Over this last year, this is what our clients had to say about us.**

Leslie was professional, compassionate and paid attention to detail. During the most difficult, emotional time in our lives, she navigated the process smoothly. She managed boundaries, and read people emotions, adapted the process accordingly. She went above expectations. I am truly grateful to her and her staff for their kindness and professionalism. Leslie truly cares about honoring the whole family as well as the loved one she is taking care of.

In every aspect of the experience in a time of sorrow Leslie made sure that everything was taken care of and went above and beyond to make it special.

Larry, Leslie, Tricia, Braiden & Scott were all wonderful to work with. I can't say enough about how kindly we were treated throughout the entire process.

They were very kind and transparent about everything. Losing my husband is one of the most devastating things I've ever experienced. They made sure everything was as we wanted and made no judgments. I sincerely hope I will not need their services again, but if the need arose, I know where to go.

Leslie and the staff were more than exceptional in their care for our family and loved one. Always as close as a phone call or text message any question or concern was addressed in a caring and friendly manner. Our husband/father was handled with the utmost care and respect, his appearance impeccable. Outstanding service. When the need arises again, there is no question but Gilliland Howe will be our choice.

Leslie and staff have only the highest standard in providing care and service in a highly stressful time for family members. My son, daughter and myself were afforded ample time to make decisions that would honor our dad and husband. Personalization of the service was encouraged and obliged. Gilliland Howe staff made a difficult time bearable and allowed us to move through the following days knowing we were being cared for by the best.

Truly every encounter with Leslie felt exceptional. During a very difficult time of sadness, Leslie made the process of planning and preparing seem pain free as possible. Kindness and efficiency paired with professionalism and experience made this possible.

Our family has used G&H for multiple generations. They have always provided professional and supportive care with our loved ones. I'm so thankful to have G&H in our community. They've always shown so much compassion for our loved ones and us.

They were amazing. Very transparent about everything and so kind. I can't thank them enough for their services and giving me the all time I needed.

Did you know...

Readers' Choice is an annual survey. In December each year the community is asked to nominate people & businesses in each category. From all of the nominations received, the top 5 in each category move onto the voting ballot that publishes in January. In January the public votes for their favorite from the top 5. The overall winner in each category are determined by those who received the most votes. Overall winners are published in February or March each year!
