

Sopori

Our school

So you know our school

Sopori School Cougars

Our district

And our district

Sahuarita Unified District

This will be the first Sopori School Cougars *newspaper*. And for all those kids who can't read this don't worry so much just sound it out or ask for help you'll get the words right, soon enough. This is the first *newspaper* so we're not going to go too far for this one so we're going to be talking about what to do. *Step one* you will be dropped off. Maybe you walked to the school. You will walk through the entrance and you will be given a ticket, keep it safe for later. You will be going to the cafeteria on your right in the cafeteria and you will go in line to get something to eat for breakfast. When you are done eating you will go outside. When you leave the cafeteria you will go on your right to the playground if you're in kindergarten you will go straight. You will get to play on the playground for 15 minutes after 15 minutes the whistle will be blown and you will go to class.
