

WESTERN NEW YORK
ENERGY

PLANT OPERATOR

More Than a Job. A Team. A Purpose.

Western New York Energy is seeking motivated Plant Operators who want to learn, grow, and be part of a team that values safety, integrity, and respect.

At WNYE, we are building a culture where curiosity is encouraged, people support one another, and growth is part of the job.

What You'll Do:

- Operate plant processes with a strong focus on safety and quality
- Monitor systems, troubleshoot issues, and support daily operations
- Build skills through hands-on learning and proficiency/certification opportunities

What We Offer:

- \$24/hr starting pay → \$30/hr upon achieving all five Plant Operator proficiencies/certifications
- 12-hour rotating shift schedule (days and nights)
- Health & dental insurance, 401(k) with match
- Life insurance, wellness benefits, and growth opportunities

Requirements:

- NYS driver's license
- High school diploma or GED
- Ability to climb stairs and ladders
- Desire to learn, grow, and continue developing
