

Mr. Francisco Ramirez

My name is Dolores Reyes and I am 78 years old and a lifelong resident of Hanford. When you came to my home last summer and said you were a candidate for the City Council and asked to put a sign in my yard I was at first reluctant But after listening to you I was impressed by your enthusiasm and energy. So when you came to my home again last month and said you were on the big brothers big sisters board of directors and asked for a donation to help bring them to Hanford I gave you \$100.00 of my money. I recently read an article in the Hanford sentinel that raised my suspicions about you. My son who is a retired law enforcement officer did some snooping and found out some very questionable things about you.

Shame on you for preying on the unsuspecting elderly people of Hanford. Most of us old people were hardworking , earned an honest living and paid our taxes. Can you honestly say the same thing?

Mr. Ramirez you are untruthful, dishonest and have total disregard for Hanford community and the people who put you on the Hanford City Council.

Please never come to my home again I do not support you and I do not consider you my councilman.

X Dolores R.
