

The City of Kerrville floodplain management, in accordance with National Flood Insurance Program regulation 65.7(b)(1), hereby gives notice of the City of Kerrville intent to revise the flood hazard information, generally located between Landfill Road and Spur 100. The flood hazard revisions are being proposed as part of Conditional Letter of Map Revision (CLOMR) Case No. 17-06-1326R for a proposed project along Third Creek. City of Kerrville is proposing to build a reservoir as part of reuse storage. Once the project has been completed, a Letter of Map Revision (LOMR) request should be submitted that will, in part, revise the following flood hazards along Third Creek.

1. Base Flood Elevations (BFEs) will be established along Third Creek in the project area.
2. The SFHA will widen and narrow along Third Creek in the project area.

Maps and detailed analysis of the revision can be reviewed at the City of Kerrville at 200 Sidney Baker Street North, Kerrville, TX. Interested persons may call Kyle Burow, P.E., CFM, Director of Engineering at 830-258-1410 for additional information from 8am to 5pm Monday - Friday.
