

INTEGRATED PREDATOR DAMAGE MANAGEMENT WORKSHOP

Bill Hamilton Building

Lewis & Clark County Fairgrounds

Helena, Montana

Hosted by USDA Wildlife Services

Wednesday

April 24, 2019

8:00 am – 4:30 pm

Lunch provided

No RSVP Required

A workshop on the practical use of preventative measures to reduce losses of cattle, sheep, goats, poultry, and bees to wildlife for all farmers and ranchers.

Information on the importance of non-lethal methods to manage predation before it happens and on the science supporting these methods.
