This camp program offers a unique opportunity for youth to build leadership skills, particularly in assisting counselors with younger campers. The goal of LIT camp programs are to teach the general skills of leadership that can be used at school, home, and throughout the rest of their lives!

For the younger camp leaders (13-15 years old), the curriculum includes working with younger kids at camp, assisting counselors with activities, and lending a hand with projects at camp! This program is intended to challenge and prepare our future leaders, so that they are prepared for whatever is thrown at them! This is an overnight camp!
