This personalized approach, coupled with extensive internship and study abroad opportunities, equips graduates for success in various fields, including healthcare, engineering, education, law, and more.

Carroll’s academic excellence is reflected in its top programs, such as Anthrozoology, Health Sciences, Nursing, Psychology, and Business, to name a few. The college’s commitment to meeting regional workforce needs is evident in the addition of graduate and specialized programs like the Master of Social Work and Healthcare Leadership Certificate, alongside an Accelerated Nursing program designed to fast-track students into nursing careers.

The college’s dedication to affordability and accessibility is unparalleled, with 99% of students receiving some form of institutional aid, making it a leading choice for those seeking value in their education. Carroll is committed to serving our most promising students, highlighting the institution’s commitment to education for all, regardless of financial background. Plus, the full benefits offered through our Yellow Ribbon program provide an affordable pathway for our veterans and their dependents.

Beyond academics, Carroll College boasts a vibrant community life with over 350 annual events, a robust athletic program, and a campus ministry that plays a pivotal role in student life. The state-of-the-art Hunthausen Activity Center and the Carroll Adventure and Mountaineering Program offer students unique opportunities for fitness and outdoor adventure, fostering a strong, close-knit campus community.

Carroll’s achievements are many, including being Montana’s #1 college for four-year graduation rates, medical school placement, nursing NCLEX pass rates, and graduate lifetime earnings. These accolades underscore Carroll’s impact not only on its students but also on the Helena community and the state of Montana. The college’s efforts to infuse talent into the local workforce are notable, with a significant percentage of graduates choosing to pursue their careers in Montana.

St. Peter's has a 99-bed acute care hospital (regional medical center), primary and specialty care clinics, cancer care, behavioral health unit, urgent care clinics, home health and hospice care, dialysis center and ambulance services. St. Peter's provides care for an estimated 97,000 residents in a five-county area including Lewis and Clark, Broadwater, Powell, Meagher and Jefferson counties.

St. Peter's is a DNV-GL Health Care accredited organization and is the first hospital in Montana to receive the prestigious ISO-9001 quality management certification. St. Peter's is governed by a volunteer board of directors that includes leaders and health experts in the community who serve as fiscal stewards of the community's health care dollars and resources. St. Peter's is equally committed to investing in community-based services that advance its mission and address key health challenges. For example, St. Peter's community health workers play a crucial role in Helena's Frequent Users of System Engagement (FUSE) initiative, which works to reduce the need for emergency health care visits and facilitate stable housing for community members. St. Peter's also launched its Mobile Crisis Response Team (MCRT) in 2020 through a partnership with Lewis and Clark County. Helena & East Helena Law Enforcement Departments

HELENA POLICE DEPARTMENT

Mission Statement

The members of the Helena Fire Department proudly continue the tradition as Guardians of the Gulch, by professionally providing a quality, effective, skillful, safe and caring service to protect our community whenever and wherever needed.

The Helena Fire Department is a proud member of the Lewis and Clark Rural Fire Council and the Tri-County Fire Safe Working Group.

The constant threat of complete destruction by fire of this newly born city made Helena very cognizant of the danger that ultimately did leave it "a heap of ashes." These conflagrations lead to the eventual formation of a part paid, mostly volunteer fire department on December 29, 1872. From its beginnings, the department operated from several stations generally in the area of what is today South Last Chance Gulch.

The Helena Fire Department relocated alongside the Helena Police Department in the A-A Garage at the end of South Main. These buildings formerly housed the trolleys that operated in the area and were also known as the "car barns."

On March 10, 1939, the Helena Fire Department was moved to its current location on the east side of the Civic Center on Neill Ave. This station has been in continuous operation since that time. This main station was remodeled in 1977, expanding its living quarters and providing more office space. With the addition of a second station on the east side of Helena in 1978, the Helena Fire Department continued to provide the citizens of Helena with protection from fire, but also added response to many other types of emergencies that arise in our community.

CITY OF EAST HELENA POLICE DEPARTMENT

The East Helena Police Department is committed to the citizens we serve through our values of community, integrity, and compassion. Our department was founded in 1927 and continues to serve the community today. Full staffing consists of five sworn

police officers and one administrative clerk.

The East Helena Police Department believes in a community policing approach and being proactive to the residents and businesses we protect and serve.

The East Helena Police Department is always looking for good people that share our values. If you would like to serve the community of East Helena and become part of our team, please check out our job opportunities page for available positions.

LEWIS & CLARK SHERIFF DEPARTMENT

The Lewis & Clark County Sheriff's Office is the chief Law Enforcement agency in Lewis & Clark County, Montana. It is comprised of over 120 employees including sworn officers, detention officers and professional support staff. The Sheriff's Office provides general law enforcement, detention functions, rural fire support and search and rescue operations for the citizens of Lewis & Clark County in a service area of over two million acres. Additionally, this agency provides specialized regional services to the entire county and contract law enforcement to specific areas.

HELENA

Mission Statement

The members of the Helena Fire Department proudly continue the tradition as Guardians of the Gulch, by professionally providing a quality, effective, skillful, safe and caring service to protect our community whenever and wherever needed.

The Helena Fire Department is a proud member of the Lewis and Clark Rural Fire Council and the Tri-County Fire Safe Working Group.

The history of the Helena Fire Department was born simply of necessity and the matter was taken in hand as shown in the aforementioned newspaper articles.

The constant threat of complete destruction by fire of this newly born city made Helena very cognizant of the danger that ultimately did leave it “a heap of ashes.” These conflagrations lead to the eventual formation of a part paid, mostly volunteer fire department on December 29, 1872. From its beginnings, the department operated from several stations generally in the area of what is today South Last Chance Gulch. Several years after Helena’s incorporation as a city in 1881, the Helena Fire Department moved into the station at the newly built City Hall at Main and State Streets. From that location they protected Helena until that station was destroyed by the 1935 earthquake.

At that time, the Helena Fire Department relocated alongside the Helena Police Department in the A-A Garage at the end of South Main. These buildings formerly housed the trolleys that operated in the area and were also known as the “car barns.”

On March 10, 1939, the Helena Fire Department was moved to its current location on the east side of the Civic Center on Neill Ave. This station has been in continuous operation since that time. Fire Department continued to provide the citizens of Helena with protection from fire, but also added response to many other types of emergencies that arise in our community.

EAST HELENA

The East Helena Volunteer Fire Department is the primary fire response agency for the City of East Helena. Consisting of 16 volunteers, they are prepared to respond to both the fire and medical needs of city residents.

MONTANA CITY

Montana City Volunteer Fire Department is an all-volunteer fire department dedicated to the protection of life and property in our community and surrounding areas. Located in northern Jefferson and Lewis and Clark Counties in Montana, we serve a population of just over 3,000 in an area of 35 sq. miles. We respond to wide variety of incidents including structure fires, wildland fires, vehicle accidents/extrication/fires, medical emergencies, rope rescue, and hazardous materials. We operate out of two stations with an Engine, Tender, and Wildland/Medical Truck in each station. Our firefighters strive to bring the community we serve the finest protection possible.

Fire protection and rescue services in Jefferson County are provided by your local volunteer fire departments. Those fire departments are staffed by your friends and neighbors. If you’ve been looking for a way get involved and give back to our communities then this is your opportunity.

Letter from the Mayor

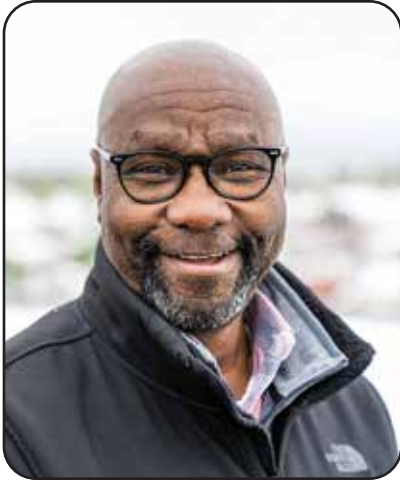

Dear business owners, neighbors, and visitors,

As Mayor of the City of Helena, and on behalf of the City Commission, we are honored to be a partner of the Helena Area Chamber of Commerce. Helena is a community rich with history

and tradition. Thanks to the efforts of the Helena Area Chamber and its' many partners, it is also well positioned to prosper into the future.

Helena is a truly unique City, serving as a hub for Montana's government, industry, recreation, and so much more. While it is most widely recognized as the State Capitol, I like to think that Helena offers a cross-section of everything our great state has to offer.

The Helena Area Chamber and its members are a cornerstone of the growth and vitality in our City. Our small business community has led the revitalization of historic buildings throughout the area. From the 6th Ward to Downtown, our local entrepreneurs are creating exciting, re-imagined spaces that our residents know well, and our visitors are starting to discover.

The work being done with the Helena Regional Airport has also played an important role in furthering the impact of industry and tourism in our region. The continued pursuit of expanded flight service and renovations to the airport facilities are improving Helena's connectivity to the rest of the world.

As we look ahead, I am excited about Helena's future. The City is continuing to strengthen its position to recruit marquee commercial development. Perhaps there is no better window into Helena's future, however, than the renovation and expansion of the Montana Historical Society Museum. While this project is not planned to conclude until 2025, this impressive facility will be one of the State's crown jewels. I am excited for Helena to be the place where Montanans come to celebrate their heritage, and the world comes to understand our proud history.

Whether you are from Helena, thinking about moving here, or are just passing through, I hope you get to experience what makes our City so special. If you take a trolley tour through our historic district, check out one of our local breweries, or get lost exploring our public art scene – I trust you will get a better understanding why so many people are proud to call Helena home.

With our history rooted in the gold rush, you should not be surprised to find out that Helena is one of Montana's hidden gems. I am thankful you chose to be part of our story.

More drugs covered at \$0 than the Affordable Care Act requires.

Extra support for members struggling with housing, food insecurity, transportation, and other barriers to care.

No referrals required. Some specialists require one, but we won't make you see a primary care doctor for a referral.

Going beyond what's required. Just another way PacificSource Health Plans puts members first.

Recreation

Helena is a gateway to everything outdoors. From the trail system with endless possibilities for walking, biking and hiking to the lakes, rivers and streams just waiting to be discovered, you will find the possibilities are waiting right here within the city limits and our backyard.

Hiking & Biking

The Helena Trail system boasts 70+ miles of trails adjacent to the city limits. Designated a Silver Level Ride Center by the International Mountain Biking Association, Helena is truly an incredible biking destination. Start your ride right from downtown and access loops and routes of all levels, enjoy an extended biking season (we get lots of sun!) and take advantage of our many resources and biking events.

Winter Activities

Feel the cold on your cheeks and anticipate the hissing of freshly groomed ski trails. Pack your gear and round up family and friends for a day on the slopes at Great Divide Ski Area. This historic ski area is a family-owned and operated facility with over 1,500 skiable acres.

Looking for a more mellow day in the mountains? Grab snowshoes or a fat bike and explore some of our 80 miles of trails starting from the heart of Helena's downtown. Want a little more solitude, drive 12 minutes to the top of the Continental Divide for groomed cross-country trails!

Scenic Routes

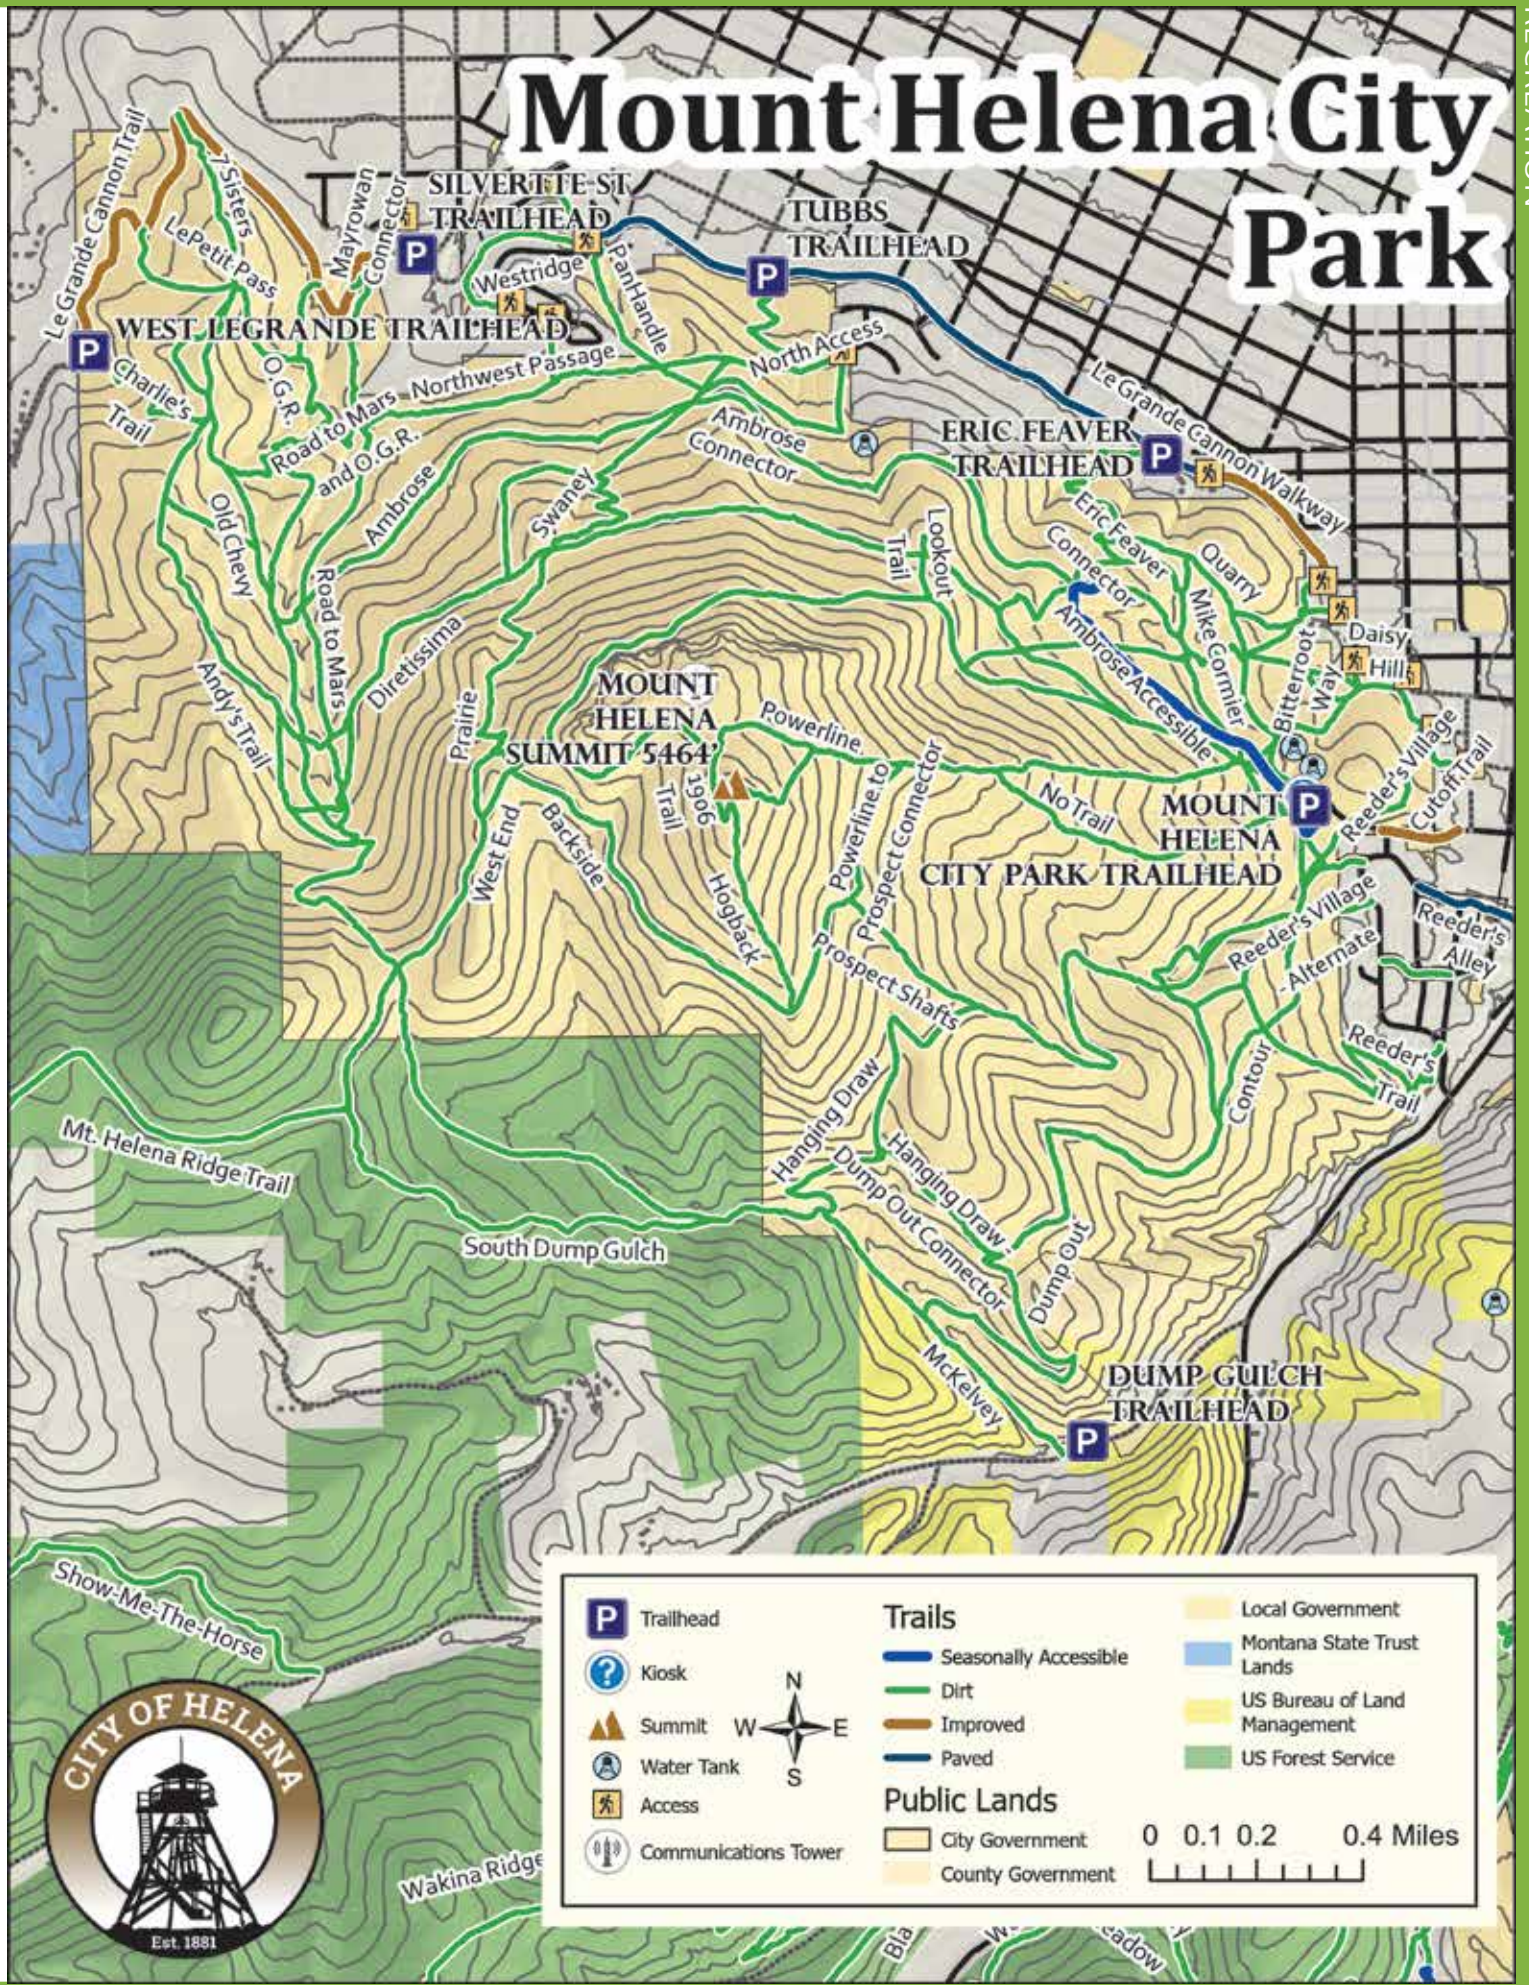

Augusta Route Tour is about three hour's drive time away from Helena. Begin this 131-mile tour by driving north on Montana Avenue to Lincoln Road, then take Highway 279. When you get to the sign for Marysville, turn left for a seven-mile side trip to the site of the Drumlummon Mine and surrounding ghost town. Head back down to Highway 279 and proceed northwest to Canyon Creek. Eight miles farther north is Highway 200. Continue on the Augusta Route by turning right on Highway 200. Along the way you will find Flesher and Stemple passes. These passes offer scenery perfect for hikers, photographers and wildflower seekers and provide great opportunities for biking and hiking on side trails. To get to either pass, travel west through Canyon Creek and watch for the Stemple Pass turn off to the left. Stay on the Lincoln Road to the top of the divide to find Flesher Pass.

The Continental Divide offers breathtaking scenery just half an hour away from Helena. These passes offer camping, biking and hiking opportunities. You will cross the Continental Divide again at Rogers Pass soon after the turn from 279. Gravel roads north of Augusta take you to Willow Creek Reservoir, Nilan Reservoir or to Gibson Dam on the Sun River. When you turn back from Augusta, follow Highway 287 all the way to I-15 and head to Wolf Creek. You can exit the Interstate to take a look at Holter Lake and the Missouri River. I-15 takes you up the canyon and all the way back to Helena.

Lincoln Route Tour (130 Miles) To make your loop tour in another direction, begin on 279, as noted on the Augusta route above, but turn left of 279 when you reach Highway 200 from Flesher Pass. As you head toward Lincoln, you'll begin to see the Blackfoot River

as it winds its way through this valley. This area is great for snowmobiling, fishing, camping and hiking. Lincoln is a great place to stop for refreshments before continuing on your tour westward on 200. Browns Lake, a designated wildlife viewing area, is further ahead. You can continue on to the small town of Ovando, enjoying your view of the Scapegoat Wilderness to the north. Then backtrack on Highway 200 to the junction with Highway 141 and turn south. This road will take you to the ranching community of Helmville at the foot of the Garnet Range. From Helmville, get back on 141 and make your way through this agricultural valley to the town of Avon on the Little Blackfoot River. You may see beaver slide hay stackers in the fields, unique to this part of the country. Turn left on Highway 12. Stop at the viewpoint at the top of MacDonald Pass for a glorious view of Helena and the surrounding mountains. From the top of the pass, you'll descend swiftly back into Helena.

are held annually on the second Saturday in June. Blue Cross and Blue Shield of Montana presents the annual event in Helena to provide people with a fun and festive opportunity to celebrate the benefits of exercise and healthy lifestyle choices with their friends and neighbors. The Governor's Cup serves as the main fund-raising event for The Caring Foundation of Montana, with all race registration fees going to the foundation.

East Helena Rodeo - July 12-13

The first East Helena Rodeo held in 1963, was sponsored by the VFW Post 10010. VFW members leveled the land donated for their use by the American Smelting and Refining Company; constructed the first rodeo arena and facilities and produced the first rodeo in the East Helena Valley. In the late 60's, many individuals joined in the efforts to keep a rodeo in East Helena and the East Helena Valley Rodeo Association (EHVRA) was formed.

The East Helena Valley Rodeo Association is made up of volunteers who aspire to see the sport of rodeo continue in the East Helena community. They strive to provide a safe environment for contestants and livestock to compete and display their skills and athleticism. Any profits from the yearly East Helena Valley NRA Rodeo held in July are used for the upkeep of the buildings, arena and the entire rodeo facility located in East Helena. Each year scholarships are awarded to Helena's High School Rodeo Team Members. Donations and sponsorships are also made to many community organizations.

Attractions

Helena has many opportunities to explore the past all while enjoying the new developments of the future. Whether you are interested in a tour, performing arts or getting out for some fun in the sun there is something for everyone.

STATE CAPITOL ROTUNDA

1301 E. 6th Avenue

No trip to Helena is complete without visiting the Montana State Capitol. Situated on 10 acres of spacious lawns, Montan's Capitol looks north over the Prickly Pear valley.

Step inside to discover its history and classical architecture and view the paintings and murals of renowned western artists. Around the stunning rotunda are four

round paintings showing four important kinds of people in Montana's early history: the Native American, the explorer, the gold miner and the cowboy. Explore the Capitol on your own with the aid of self-guiding tour booklets and a scavenger hunt for kids. These are available at the information desk on the first floor of the Capitol. The building is open Monday through Friday from 7 a.m. to 6 p.m. and Saturday and Sunday from 9 a.m. to 3 p.m. Self-guided tour brochures are available on site or at the Montana Historical Society.

CATHEDRAL OF ST. HELENA

530 N Ewing Street • (406) 442-5825 • sthelenas.org

The Cathedral of St. Helena began as a vision founded in faith by Bishop John Carroll and wealthy miner turned banker, Thomas Cruse. According to Louie Gloege, parish business manager for the Cathedral,

Bishop Carroll selected the site for the building after scaling Mt. Helena and surveying the area. He wanted the mother church for the Diocese of Helena to be visible from anywhere in town. The land was purchased in 1905 through a generous contribution by Thomas Cruse. Construction on

the cathedral began in 1908. The church wasn't fully completed until June of 1924.

The external building is built with limestone from Bedford, Indiana, considered to be sturdier than Montana sandstone. White marble altars, statues carved in Carrara marble, and genuine gold leaf gilding decorate the sanctuary space. The Cathedral's windows depict intricate scenes of events from the Bible and church history.

HISTORIC REEDER'S ALLEY

Downtown Helena • reedersalley.com

Situated in the southwest corner of downtown Helena, Reeder's Alley is the oldest intact piece of early Helena. The year 1864 marked the beginning of a tiny settlement and Helena's transition to a mining boomtown. Four prospectors found gold in a small stream they dubbed "Last Chance." The Pioneer Cabin, just north of the entrance to Reeder's Alley, is the oldest documented dwelling in Helena.

GATES OF THE MOUNTAINS BOAT TOUR

North of Helena • (406) 458-5241 • gatesofthemountains.com

On July 19, 1805, Meriwether Lewis stopped to pen his observations of the Helena area's most awe-inspiring natural attraction—the Gates of the Mountains on the Missouri River just north of Helena. Suddenly, there loomed before them towering rock formations unlike anything they had ever seen. From both sides of the river, limestone cliffs rose to a spectacular height of 1,200 feet. Visitors to the Gates of the Mountains can experience the rising cliffs and mighty river in nearly the same way Lewis and Clark did on their passage through the Missouri River corridor. Two passenger boats embark on guided scenic tours of the area every day beginning May 27.

Hyzer Hills - Disc Golf Course, 18 holes. Take the South Hills exit off of I-15. Turn right onto Saddle Drive at the round-about. The course is on the south side of Saddle Drive. True folf course with rubber tee pads and basket targets.

Scratch Gravel Hills, 18 holes. From Green Meadow Drive go north to Franklin Mine Road and turn left, go west to Tumbleweed Drive and take a right. The road ends at the course parking lot.

Shady Scratch, 18 holes. Hilly area west of Green Meadow Drive. Go past the turn to Regular Scratch Gravel and proceed north on Green Meadow Drive past the blinking light. Turn left onto Norris Road and follow to turn around in the parking area. Go through wooden gate and veer to the left, follow the trail to hole number 1.

Sheep Mountain, 18 holes. This is a good course for technical players who like shorter holes. Take I-15 south to Clancy. Exit there and take a right. The road splits off to the left, stay on the right and turn right. Follow road up to Sheep Mountain Road. Turn right and go a mile or two and you will see the course as you drive through it.

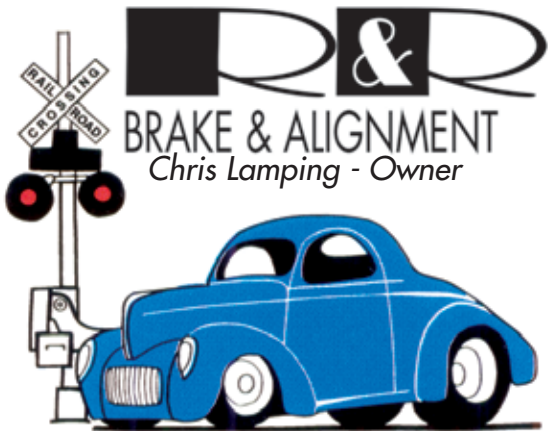

South Hills, has a good mix of right, left, trees, open, lanes, moderate elevation changes and distances. From I-15: take exit 190 (S. Helena). Turn west and go straight through the roundabout. Halfway up the hill on your left is the course.

Blue Cloud, 18 holes. Go west out of Helenax, turn right at the Baxendale Fire Department. Take first right and follow road, at the next "Y" intersection, go left. At the next gate, go through and turn to your right. Follow down through the meadow and into the trees. At the "Y" intersection go right and you are at the parking area.

Huckleberry Hollow, 18 holes. There is a temporary course at the top of Priest Pass on National Forest Land called Huckleberry Hollow. Features 18 holes with objects and multiple dirt tee pads. This course is long and very prone to fast weather changes and high wind, so dress accordingly and be prepared for inclement weather. Also, pack sufficient water. Camp anywhere around hole one. Go west out of town toward Missoula. Before MacDonald Pass at the bottom, take a right just after Priest Pass Road sign. Follow Priest Pass Road to the top of the pass. Turn right at the elevation sign that reads 5,994 feet and park in the field. The first hole is the logging road to the right.

Take a Ride on the Last Chance Tour Train!

The Fun Way To See Historic and Beautiful Helena, Montana!

We offer historic tours of Helena aboard open-air tour trains. See the opulent mansion district, marvel at the Cathedral of St. Helena, and roll by our governor's homes. Cruise by a restored miners' village, enjoy the unique architecture along Last Chance Gulch, and catch a glimpse of the Old Fire Tower. It's the fun way to see beautiful and historic Helena! We offer services for individuals, group tours, and school groups.

Our climate controlled Trolley provides shuttle services for business groups, schools, daycare centers, and other special occasions.

Ride on the Pedal Pub Trolley!

During a typical tour, riders can enjoy beer as they travel by pedaling on the trolley, which the website states requires a "low level of exertion." The cart runs on electricity, and pedaling charges it. Each brewery stop lasts about 30 minutes, and riders can bring their purchased drink back on the trolley. DeWolf said snacks and bubbles are encouraged while pedaling.
