

# Your heart deserves **MORE** expertise

When you need cardiology care in the Decatur area, *your heart deserves MORE*. We are committed to expanding and enhancing our cardiology team to bring more expertise and experience to the area. Tell your referring physician you want your heart care at Memorial Specialty Care in Decatur.

*Bernard Lim, MD, PhD, is an expert in electrophysiology, which is the study of the heart's electrical system. He treats problems with heart rhythm using devices like pacemakers and state-of-the-art mapping for A-fib treatment.*
