What a fun night! We held our first Hope Volleyball game with proceeds going to Richland County Hope Inc. We can't thank the community enough along with all the volunteers, kind people who donated for the event, Smokin' Pig for donating his time and equipment for the pork chops and pulled pork, and Richland County FOP Lodge 402 for donating the meat, buns, and condiments. Both teams battled tonight and it was a great night to battle. We came up a little short but not without a fight. I was very proud of the girls tonight for staying in the game and fighting until the end. We saw several great things tonight that we haven't seen this year and continue to things we need to work on. I will take a battle like this any day with a loss than winning without having to battle. Tonight was a fun night and the girls put on a good show!
