Comments:

I am so proud of how these young ladies responded tonight after losing to St. Teresa in the championship game of the CIC tournament. Emily White had one of the best all around games I have seen her play all year both offensively and defensively. She led the team in all areas tonight except for rebounding and Lilly Null did a great job for us there. These girls are resilient and have found a way to battle back each and every night. Senior night is always an emotional evening and when you are playing a team like St. Teresa it is even more emotional.
