**October 14, 2017, 2017**

On 12-15-17 at approximately 2:50 pm Decatur Police responded to Eisenhower High School, in reference to a student with a firearm. Upon arrival the school was searched and the student in question was identified. The 15 year old student was in possession of an air-soft gun, which is not a real firearm. This is a manufactured toy gun that is real in appearance. The investigation is on-going and charges are pending at this time. There were no injuries reported. The Decatur Police Department has no further comment at this time.

Thank you,

Sgt. Steven K. Carroll #391
