

Tonight was a battle! It was a tight game throughout with both teams playing really hard.

Our girls did a really good job competing tonight and doing what needed to be done to get the win. We had more turnovers than I'd like to see, especially in the 1st half, but we were able to control it better in the 2nd half which was a major reason we came away with the win.

Their #3 is an incredible player. We knew going in that we had to stop her, but it's difficult to contain her. Our girls did a better job focusing on her in the 2nd half and late in the game. We got big stops when we needed them and executed on offense.

Record: 23-7

Next: Thursday vs Vandalia (Senior Night)
