

Last night was EHS senior night versus Lincoln. Unfortunately we suffered a loss last night. The first half was primarily controlled by Lincoln. They had some solid looks and got an early lead. We fought hard and made them work for every goal but it just wasn't enough early on. The second half came with some big changes. We pulled two of our midfielders down, Victor and Armando and controlled the ball with defensive line, creating lots of opportunity. From there, we played very well and got a few good looks. Final score was 2-3.

Our scorers were Victor Carillo and Armando Estrada. Brandon Duncan had 10 saves.

JV was played well also. End score was 1-3 but the goal that came from Jett McMillian was amazing. A long chip from only a few feet off the half line to catch their goalie who pushed out too far. It was a beautiful chip and set the tone for the rest of the game. After that, our JV was determined to close the gap, but we did not have much time. Very proud of both teams for their work ethic and efforts in being competitive to any team we face.
