Winning back to back games against teams that have the #1 seed in their Regionals is pretty awesome. We would really like to be playing our best volleyball when the regionals start. And we have 8 matches remaining.

We failed to put them away in 2 sets again tonight. After a pretty dominate performance in set 1 we were really sloppy in set 2. Missed 2 of our first 3 serves and got back on our heels on defense as they tipped around our block several times. They got out in front by 7 points and we could never close the gap. As we did against Newton on Monday night we came out in set 3 with renewed energy and built a quick lead with very good serving and some overpowering attacks. We ran out to a 10 point lead and never looked back.
