

Making a Difference in our community

Each month, we will feature a local non-profit organization on this special sponsored page. **Why?**

Because non-profits **benefit Everyone**. When one individual directly experiences improved quality of life, or one cause is financially supported, that person or cause better contributes to the entire county. What helps one, helps all.

In addition, non-profits create strong community relationships, which undergird the decision-making infrastructure and helps the entire community thrive.

United Way – Empowering Hunt County

United Way is not about one cause or issue, but about understanding the gravity and interconnectedness of all the social challenges we face, and about empowering a community to work together to build real solutions for today, tomorrow, and forever. LIVING UNITED means being a part of this mission by voicing your advocacy, giving a donation or by volunteering in any of the areas available.

GIVE

The workplace campaign is the easiest and most powerful way to invest in your community. You can direct your contribution to one of the action areas – Education, Income and Health – or choose all three.

It will take all of us, working together, to create change in our region. United Way is the most powerful investment you can make in our community. Your contribution is pooled with gifts from other caring people to fund programs and initiatives that make a real difference to people who are in urgent need, and to create meaningful, lasting change.

Help improve lives throughout our community by **rounding up the**

change on your purchases to the nearest dollar. Text Give2-HuntCoUW to 77948.

Giving \$1 a week equals \$52 annually; \$5 a week equals \$260 annually. No donation is too small to make a big impact for your community!
