Chairman of the Board Willie Morgan

Willie Morgan of Lone Star Credit Union became the 2019-2020 Chairman of the Board of the Greenville Chamber of Commerce officially on Tuesday, October 29.

The new Chairman takes over at the Board Retreat held every year in October. This year's board retreat was held at Mac's American Grille. The Greenville Chamber was the first group to hold a meeting and to eat in the new upscale restaurant before they opened to the public.

Willie Morgan took over the Chairman position from Bob Landon of Landon Winery. The new Incoming Chairman of the Board will be Stenson Sanders who takes over in October 2020. Sanders works as a real estate agent for The Tarpley Agencies and Tarpley Realtors.

Willie Morgan

Big Thanks to

Bob Landon

of Landon Winery for his tenure as the 2018-19 Chairman of the Board. We enjoy working with Bob!

Bob Landon

Congratulations to

Karen Thomason

of Hancock Whitney,

BUSINESS SPOTLIGHT

Greenville Hyundai

Chamber members and their referrals get employee pricing

Greenville Hyundai,

located at 7311 Interstate 30, has been under the current ownership since 2018. According to the Hyundai website, their brand “believes that better is only better when you put people first”. Offering the best customer experience is exactly the feeling you get when you walk in to do business with this dealership for the first time.

The dealership itself is a **family owned business**. Owners Mike and Robin Chouteau both have lifelong experience with daily operations in the automotive industry. The couple also owns the Nissan of Greenville dealership just a short drive away. They, along with their team of managers, keep both dealerships humming with good customer service and an array of products and services.

Greenville Hyundai keeps a healthy stock of 125 brand new vehicles and approximately 150 used cars at any given time. All 2020 vehicles offer a three year free maintenance package from Hyundai. This car brand has been known as America’s Best Warranty in the business since 1999.

Hyundai is also known for its Top Safety Pick awards.

According to their company website, as of December 2019, “Hyundai has more 2019 Insurance Institute for Highway Safety

Top Safety Pick and Top Safety Pick+ awards combined than Honda, Subaru and Toyota when equipped with optional front crash prevention and specific headlights”. Also, with advanced technology and innovative amenities on their vehicles such as remote self-parking, safe exit assist and industry-first ultra-sonic rear occupant alert with blue link notifications, this is definitely a brand to inspect. Especially if you haven’t shopped for new cars lately.

In addition to all this, both **Greenville Hyundai and the Nissan of Greenville dealerships offer all Greenville Chamber of Commerce members and their referrals employee pricing on their vehicles**. That is a bold offer to the local business community and shows they are in the business to keep you in a vehicle that is current and well maintained.

Below are some current Hyundai models available for purchase. Don’t hesitate to go by and give Greenville Hyundai an opportunity to show you their automotive offerings. While you are there, make sure to thank them for their involvement in the local community and for their Platinum Partner connection with the Greenville Chamber of Commerce. Also, thank them for the many other community causes they support that helps make this community stronger as a team.

GEUS

GEUS now boasting fastest internet speeds in the city

GEUS has been providing electricity in the City of Greenville since 1891. Back at that time, electricity was going to take longer to grow to Greenville from the City of Dallas than Greenville citizens wanted to wait. So they embarked on an ambitious plan to create their own utility. GEUS has been owned by the public ever since. Officially, GEUS is a “not for profit community owned utility” according to its website.

In 1988, the citizens voted to separate management of GEUS from City Admin to an Electric Utility Board. In 1989, the fully

autonomous board took shape and since then, they have had control to establish rates and charges for the use of the system's facilities and to periodically improve the system. To this day, the Board of Trustees are appointed by the City Council.

Similarly, voters approved adding cable and internet in 2000. GEUS wanted to get a head start, and added high speed internet and cable service when the internet was new. At that time, this made GEUS a full service utility for the modern age.

Management has been able to keep current, as well, as technology changes and gets

faster over time. **Actually, as of January 1, 2020, GEUS now boasts the fastest internet speeds in the city.** With speeds starting at 10 Mbps and an upload speed at 3Mbps at the basic level, then soaring to 250 Mbps with an upload speed of 15 Mbps for a mid-tier service, then jumping to 450 Mbps with an upload speed of 25 Mbps. With these three tiers running \$29.95, \$52.95, and \$89.95 respectively, the prices are hard to beat.

For more information, drop by the GEUS Customer Service Center at 2810 Wesley Street in Greenville. You may also contact them by phone at 903-457-2800 or via their website at geus.org.

Welcome to the new fast.

**GREENVILLE CHAMBER
OF COMMERCE**

Dear Greenville Chamber of Commerce Members,

We are excited to publish this Spring edition of the Hunt County Business Journal. The Journal is a quarterly periodical. It features the updated Greenville Chamber of Commerce Membership Directory in the rear of the publication. Listings include business name by category and phone number.

As you will see in this issue, the Hunt County Business Journal also includes Chamber member business news, milestone articles, corporation press releases and other stories related to the inner workings of small businesses in our region. We are spreading the good word of our local economy to help you find new customers and find new business partners.

We work with the Herald Banner to sell the advertising space and to produce both the online version and the tabloid size print copy. The Hunt County Business Journal print version is distributed in all Greenville Herald Banner newspapers upon its release and to all 27 locations carrying the Greenville Life Magazine. It is also distributed to all Housewarmers of Greenville gift baskets that are delivered to new residents who move to Greenville, and other opportunities that surface.

Thank you for investing with us!

Sincerely,

Byron Taylor

Your Chamber Ambassadors 2019-2020

The Ambassadors are vital to the Greenville Chamber of Commerce. They dedicate themselves to represent the chamber in outreach to the community, serving a year at a time.

They staff chamber events, officiate at ribbon cuttings, welcome new members, strengthen relationships with members, as well as increasing membership. They also educate businesses about the role and purpose of the Chamber.

In addition, as Ambassador Delegates, members are offered premium opportunities to promote their businesses.

Opened in 2018, Blackland Outdoor Power garnering prestigious awards

Blackland Outdoor Power,

located at 3931 TX-34, just outside the city limits of Greenville, is a retail dealer and store that carries outdoor lawn care equipment that caters to both commercial and residential customers. Many of their customers want to own and operate equipment that is quality made. They also want to maintain a personal relationship with those who are able to service what they purchase.

Jeff and Meghan Pierce, owners of Blackland Outdoor Power since their shop **opened in 2018**, have worked hard to bring this area product lines such as Worldlawn, Country Clipper Zero Turn Mowers, Grasshopper, Stihl and others.

Jeff Pierce has worked in management and mechanic areas of lawn care products for most of his adult life. In December, Blackland Outdoor Power posted to their Facebook page multiple awards they have achieved in the nearly two years the shop has been open.

One of the awards came from **Grasshopper**, a company that makes durable zero turn mowers. Representatives from Grasshopper recently stopped by their location to present to them the **Star Dealer Award**, officially handing their store the achievement of becoming the third largest Grasshopper dealer in the State of Texas.

Another award posted came from **Country Clipper**, which is also a company that makes zero turn mowers. A

Representative of Shivers Manufacturing, which produce the Country Clipper products and a representative of Marr Brothers, their regional distributor awarded Blackland Outdoor Power the **Clipper Elite Dealer Award** at their location for their successful sales of the brand.

Perhaps the most exciting thing that happened towards the end of 2019 was the initiation of Blackland Outdoor Power into the **Stihl Masterwrench Gold Level Certification**. Stihl Company is a German brand that makes top selling chainsaws, blowers, trimmers and many other hand held lawn care products. **This makes owner Jeff Pierce and his team the only Gold certified Stihl dealer in Greenville, Hunt County or surrounding area.** All Stihl customers now have the comfort knowing that they are purchasing and having their equipment serviced at the highest level of technical expertise.

So whether you just purchased a new home, acreage, or you are starting a lawn care, tree trimming or other service based business and have a need for these types of products, go by and introduce yourself to the Blackland Outdoor Power team.

Judging by the recent sales awards and customer service certifications they have received in the short time they have been open, they are sure to listen to your desires and find a perfect fit for your lawn care power tool needs. When the time comes to service the tools purchased, they will be right there to help you with those needs too.

Blackland Outdoor Power has received three significant awards in its first two years in business.

From top clockwise:

Stihl Masterwrench Gold Level Certification, Country Clipper Elite Dealer Award, Grasshopper Star Dealer Award.

EVOLUTION EXPO

A MULTI-COUNTY SHOWCASE

Evolution Expo is an opportunity for businesses in Hunt County and surrounding counties to showcase their products & services to the general public. Are you looking to expand your customer base? This is a prime opportunity to meet potential new customers. Regional retail and wholesale vendors will showcase offerings for the home, business, garden, outdoors & more. There will be new cars on display, restaurant & wine tastings and more.
