As a Christian,

you dream of a trusted education partner, one who instills your values, who is like-minded in truth and who is a community in whom you have confidence.

We are here.

We are personal.

Your child is known, loved, and educated as a unique and beloved child of God. They learn excellent academics in a close-knit and like-minded Christian environment.

We are preparatory.

We address your whole child, methodically preparing them for their next steps. We are your partner helping to develop knowledge, wisdom, understanding, and purpose through the lens of the Bible.

We are principled. We are faithful to our mission, disciplined in teaching **excellence**, and grounded in building Christian character.

We equip students with excellent academics, biblical life application, and leadership skills to excel throughout their lives.

Personal. Preparatory. Principled.

FACTS TO CONSIDER BEFORE BOOKING YOUR NEXT CRUISE.

- Prices quoted directly to the consumer public by cruise lines are the same price given to all travel agencies.
 - Travel agencies do not typically charge a service fee to book a cruise and can save you time and money- We don't charge!
 - Travel agencies are highly trained and compensated by the cruise lines and have first hand knowledge of the best deals available.
 - Your local agency can offer expertise and personalized service not available with large internet agencies and individual cruise lines.
 - Travel agencies sometimes offer incentives like a complimentary cabin amenity which is never offered by the cruise lines when booking direct
 - Travel agencies can offer objective comparisons between several cruise lines- information not obtainable when calling the individual cruise lines.
 - Travel agencies often have special group rates available not offered when calling the cruise lines direct.
 - Any cruise booked directly with a cruise line can be transferred to a travel agency before final payment or within 60 days of booking at no charge
 - Local travel agencies tend to develop long term relationships with their clients making it easier for them to recommend the right cruise to match their client.
-
- Cruises have so many different categories to pick from and the least expensive isn't always the best option. Let an expert help you find the perfect cruise for your dream vacation.*

Kids

"The true sign of intelligence
is not knowledge but
imagination."

— Albert Einstein, theoretical physicist

Yes.

Your child absolutely can go to the head of the class in a balloon plane.

At the very heart of critical thinking, synthesizing knowledge, conceptualizing theories, and envisioning results is one extraordinary skill: imagination.

And the best window we all have for cultivating it? It happens in that blink of time known simply as childhood.

At Brookland, children have the chance to fly rescue missions to

the moon. To travel the spacetime continuum, becoming kings and queens of ancient worlds. To imagine all the mysterious, magical possibilities we grownups once imagined for ourselves.

It's a great, great gift, and you can give it to your child. Simply call or come by Brookland today. Because at Brookland, we cherish childhood.
