Class of 2020: Make this world your own

To my fellow seniors,

The Class of 2020. The class of the unpredictable, unstoppable and unforgettable. Thank you for joining me on this journey the past four years at Haverhill High.

I know this was not always easy and this is not how you expected to celebrate your hard work, but your success will not go unnoticed. Do not allow the loss of traditional celebration ceremonies undermine your sense of accomplishment. Continue to honor your success in every way possible. Be creative, original and imaginative as you create new ways to celebrate this huge milestone.

While you celebrate this impressive moment, do not fail to remember everything and everyone

Emily Prendergast

that has led you here. Remember the tiny goals you achieved, because every small goal inspired larger dreams. Remember the memories you made, because they are glorious. Remember the people who guided you through this crazy thing called life,

because they were always there for you.

As we leave our past behind and move toward our future, remember to carry these old memories into new lives. Every tiny accomplishment and every helping hand of the past have prepared you to overcome the unknown of the future.

We may not be able to predict the future, but we can adapt to a changing world. We can make this world our own. We can be ourselves and own it. We are the Class of 2020, and we can do and be anything. Congratulations for everything you have — and will — accomplish.

EMILY PRENDERGAST
Valedictorian
Class of 2020

We can clearly see a bright future for the Class of 2020.

CONGRATULATIONS!

Cheers to a graduating class for the ages

Glenn Burns

To the Class of 2020,

You did it! While no one could have predicted how your senior year would unfold, this class's continued leadership made the best of every moment. I am so very proud to be your principal, and it has been my honor to work side by side with you and your teachers to build the school community that we are all proud of. The members of the Class of 2020 will forever stand out for their passion, empathy and high expectations.

Members of the Class of 2020 have a passion for everything they do that is positively contagious. In my two short years as a member of Haverhill High, I have been impressed by how at every event, so many members of the Class of 2020 showed up, participated and stood behind and supported their fellow Hillies. This was true whether at an athletic event, coffeehouse or debate in the classroom. This passion is contagious and forces others to take notice as well as makes every community member feel valued and important. In a world that consistently promotes the accomplishments of the individual, this class knew the importance of community and how to generate buy-in from the whole school community.

The best part of my week throughout this school year has been when I had the opportunity to meet with HHS Student Council or Student Government representatives. Their insight, empathy and desire for inclusivity are motivating and a catalyst for change. The members of this class realize their voices matter and that by speaking up and digging into issues, they can create an environment that is more inclusive and values diversity. This class did not just bring issues to the table, but brought solutions with them and wanted to work toward building a community that understood the complex issues of the student body, accepting everyone and generating solutions that would lift up every scholar to their fullest potential.

The Class of 2020 has held Haverhill High School to the same high expectations they hold themselves and that has made a world of difference to our community. With the leadership of this class, we have seen an increase in participation of school events, rise in attendance, increased enrollment in advanced course, and increase in athletic and arts participation. The Class of 2020 has been a catalyst to strengthen our school community and make every Hillie feel as though they are an integral part of Hillie Nation.

Class of 2020, you have left your mark on Haverhill High School because your leadership has been inclusive and you valued every voice. As you move beyond Haverhill High School, continue to remember your voice is powerful and don't let the loudest voice drown out the many voices calling for compassion and community. You have consistently made me proud to be a member of Hillie Nation, and I know you will continue to build upon your many successes as you start on your next journey.

All the best to the Class of 2020 ... true scholars.
