LOWER RILEY CREEK
STABILIZATION PROJECT:
REACH E AND SITE D3
EDEN PRAIRIE, MN**

The Riley Purgatory Bluff Creek Watershed District has released an Environmental Assessment Worksheet (EAW) for the Lower Riley Creek Stabilization Project: Reach E and Site D3 located in Eden Prairie, MN. The project includes stream restoration and stabilization along approximately 4,600 feet of Lower Riley Creek (Reach E), as well as a 375-foot long ravine (Site D3) that carries urban runoff to the creek.

A copy of the EAW will be available for review beginning April 16, 2018 at the Riley Purgatory Bluff Creek Watershed District Office (18681 Lake Drive East Chanhassen, MN) and online at <http://rpbcwd.org/index.php?cID=216>. Comments on the EAW will be received through May 16, 2018 and should be sent to:

Leslie Yetka – Board President
