

NOTICE OF ADOPTED AMENDMENTS TO DISTRICT RULES NINE MILE CREEK WATERSHED DISTRICT

Notice is hereby given that the Board of Managers of the Nine Mile Creek Watershed District (NMCWD) adopted amendments to the NMCWD Rules on Tuesday, April 10, 2018. The amended NMCWD Rules are effective for all applications completed on or after May 21, 2018. A copy of the amended Rules has been mailed to each of the cities and public transportation authorities within the Nine Mile Creek watershed and each city and public transportation authority has been notified that the Board of Managers has adopted the amended Rules. The amended NMCWD Rules were adopted and this notice is provided in accordance with Minnesota Statutes Section 103D.341.

The amended Rules implement the policies and goals articulated in the NMCWD's updated Water Management Plan, adopted in October 2017. The amendments revise the prior NMCWD Rules, which were initially adopted in 1973 and amended in 2008, 2011 and 2015. The amended NMCWD Rules regulate floodplain management and surface drainage alterations, wetlands management, stormwater management, erosion and sediment control, waterbody crossings, shoreline and streambank improvements on public waters, sediment removal from public waters and appropriations from public surface waters. In addition, NMCWD amended the existing permit fee and financial assurance schedules, pursuant to watershed district authority under Minnesota Statutes Section 103D.345.

Copies of the amended rules and supporting documents are available on the District's website at www.ninemilecreek.org. Contact Administrator Randy Anhorn at 952-835-2078 or ranhorn@ninemilecreek.org for more information.

Dated: April 11, 2018
BY ORDER OF THE BOARD OF MANAGERS
/s/Grace Sheely
Secretary
