

CITY OF RICHFIELD PUBLIC NOTICE AND OPPORTUNITY FOR COMMENT OF THE CITY OF RICHFIELD'S PART 1 WELLHEAD PROTECTION PLAN

The City of Richfield is providing notice that a public information meeting will be held on May 17, 2018 at 7:00pm in the Bartholomew Room at the Municipal Center (6700 Portland Avenue) to review the recently amended and approved Part 1 Wellhead Protection Plan. The public is invited to attend and provide comments at that time. If comments cannot be provided at that time, please send comments within 30 days from the meeting to Russ Lupkes, Utilities Superintendent at rlupkes@richfieldmn.gov or 1901 E. 66th St., Richfield, MN 55423.

The Wellhead Protection Plan is designed to continue Richfield's efforts to prevent human-caused contamination from entering the public water supply wells. The plan identifies the area of the groundwater aquifer that supplies water to the community's wells over a 10-year period. The results of the Part 1 Wellhead Protection Plan will be used to establish a management plan to reduce contamination risks within the area. The amended management plan will be in effect for the next 10 years.

For further information please contact Russ Lupkes at 612-861-9175.
