Increased property tax imposed on other properties as a result of fiscal disparities contribution*	\$ 0

\* The fiscal disparities property tax law provides that the growth in commercial-industrial property tax values is shared throughout the area. In a tax increment financing district, this value sharing can either result in a tax increase for other properties in the municipality depending on whether the tax increment financing district contributes its share of the growth. Amounts displayed here indicate that the district did not contribute its growth in commercial-industrial property tax values and represent the resulting increase in taxes on other properties in the City for taxes payable in 2022.
