

RESTAURANT RECRUITMENT

The EDA Created the Restaurant Recruitment Program

- The primary goal is to bring in "destination" restaurants that:
 - Attract customers from outside Isanti.
 - Do not have another location within a 5-mile radius, ensuring new experiences.
 - Complement the existing restaurant landscape.
- Both restaurants and developers/owners leasing to qualifying restaurants can apply. A minimum five-year lease is required for the restaurant to be eligible for incentives.
- Applications are reviewed on a case-by-case basis by the City of Isanti Economic Development Authority (EDA) and the City Council.
