SCOPE OF SERVICES

The CITY of Madison (“CITY”) through the Madison Police Department (“MPD”) will provide the following service to the Madison Metropolitan School District (“MMSD”):

- I. The Chief of Police will assign one uniformed Police Officer to West High School, one uniformed Police Officer to East High School, one uniformed Police Officer to Madison Memorial High School, and one uniformed Police Officer to LaFollette High School, each officer in the capacity of Educational Resource Officer (ERO). These assignments will be on a full time basis for each school year beginning in September, 2016 and ending June 2019, as more particularly described in par. II A. The assigned officers will be selected in cooperation with the principals of the named high schools. If an ERO is eligible for a one year extension, the principals of the named high schools may provide input on said extension, understanding the final decision is that of the Chief of Police. The West, South, North, and East District Captains will act on behalf of the Chief of Police in recommending the assignment selections.
- II. The ERO will be organizationally assigned to the MPD district in which the school is located:
 - A. ERO will be under the command of the appropriate district commander and subject to all rules and regulations of the Madison Police Department.
 1. The Services performed by EROs under this Contract will commence one week prior to the date school starts and conclude at the end of exam week of each school year covered under this Contract.
 2. ERO’s hours of work (8 hours of regular duty, 15 minutes of briefing time) will be 8:00 a.m. to 4:15 p.m. or a similar schedule to coincide with the hours school is in session. This includes administrative time allocated for ERO report completion and ERO class preparation.
 3. In the event of a disaster, terrorist attack or other emergency, the Chief of Police has the right to temporarily remove EROs from the schools and reassign them to general law enforcement responsibility. In such event, the Chief of Police shall provide MMSD the earliest practicable notice of the need for and likely duration of the temporary removal. Police personnel shall also promptly meet with MMSD personnel in order to provide advice and assistance to minimize any negative impact on school. The meetings shall occur in advance of the removal unless it is impossible to do so.

- B. ERO will coordinate daily activities with the school principal/designee.
1. The ERO's commander will be a resource to resolve any conflicts which may arise in this area.
 2. The ERO's commander must approve any time off requested by the ERO.
- C. The Parties and their respective personnel will work cooperatively to carry out this ERO contract so as to enhance the safety of students and staff and maintain an environment in which education and learning can take place. It is the intent of this agreement that the relationship between the Parties be characterized by cooperation and mutual respect for each Party's policies, duties and responsibilities. It is understood that MPD remains responsible to adhere to and comply with its own policies and all applicable local, state and federal law.
- D. The Parties will share information as necessary for the administration and performance of this Agreement, consistent with local, state and federal law relating to confidentiality and disclosure of public records, including but not limited to MMSD pupil records, created or maintained by educational institutions and law enforcement agencies. Consistent with the foregoing, the Parties shall cooperate and coordinate responses to and investigations of incidents in their mutual interest and promptly debrief all critical incidents or incidents in which the ERO has used force against a student or staff member. EROs will follow the MPD Use of Force Documentation Standard Operating Procedure.
1. For the purposes of access to student records by an ERO, the ERO is also considered a "school official" as provided in the Federal Educational Rights and Privacy Act (FERPA) 20 U.S.C. 1232g. An ERO may be provided access to student information only as needed by the ERO to perform his duties related to educational or school administration activities when the ERO use of such student information remains under the direct control of the MMSD. Such information may include student behavior intervention plan(s) and safety plan(s). An ERO may also be granted access thereto in the event of an emergency situation threatening the health or safety of a student or other individual. The ERO may only redisclose such student information consistent with FERPA and Wisconsin pupil records laws.
 2. Records or other information created and maintained by an ERO for the purpose of ensuring the safety and security of persons or property in MMSD schools, or for the enforcement of local, state, or federal laws or ordinances shall not be considered student records – even when such records serve the dual purpose of enforcing school rules – and are not subject to the same prohibitions of access or disclosure by ERO.

III. The Parties are committed to providing a balanced approach to police service in the schools reflecting both the educational role and the law enforcement role of the ERO. The ERO duties will include but not be limited to:

A. Law enforcement activities.

1. Conduct initial investigations into criminal and ordinance violations occurring on campus and take appropriate enforcement actions.
2. Act as liaison with local law enforcement agencies to exchange basic information concerning students consistent with state and federal laws, and to provide assistance to law enforcement agencies as well as the principal in matters relating to delinquent and criminal activities associated with students who attend the school in the MMSD.
3. Work with school administration to identify conditions which could be harmful to the welfare of students and the safety of the school environment and address those conditions.
4. Collaborate with schools to provide appropriate training regarding ERO response to critical incidents, including crisis intervention and de-escalation techniques, response to school fights and disturbances, and response to students with mental health needs or cognitive disabilities, as well as the use of Restorative Practices and Youth and Community Courts.

B. Educational resources to students on issues related but not limited to:

1. Alcohol and other drugs.
2. Understanding laws, ordinances and the juvenile code.
3. The role of law enforcement in the educational setting as well as the role of law enforcement in the community.
4. Violence and other crime prevention as well as personal safety information and instructions.

C. Educational resources to parents in areas listed in sec. III.B. above.

D. Along with other MPD and MMSD resources, provide training and information to school staff on topics related to alcohol, other drugs, gangs, violence and other crime prevention as well as personal safety and violence diffusion techniques.

E. Participate in school administration activities related to:

1. The development of a security plan for the campus.

2. Supporting and reinforcing the implementation of school policies and rules using appropriate, available educational resources and intervention techniques. The parties understand that the intent is not to use the ERO to enforce school policies and rules which are not also violations of the law, but to turn over such enforcement to school authorities. Consistent with MPD and MMSD goals, whenever possible, EROs shall utilize Restorative Practices and/or Youth and Community Courts in lieu of issuing citations or arrest warrants.
3. Faculty and building administrative team meetings.
4. Student discipline. It is understood by the parties that confidential student record information with regard to specific student discipline cases will not be shared with non-school personnel except as provided by MMSD policy, state and federal law, and Section II.D. above. Confidential law enforcement record information with regard to specific cases will not be shared with non-police personnel except as provided by MPD policy or applicable law.
5. Providing expert technical advice to school administration related to topics such as school searches for drugs, weapons or other contraband.

F. Coordination and Planning.

1. The Chief of Police or designee and the Superintendent of Schools or Designee shall ensure that the assigned EROs, their district commander, the school principal or designee, and other MPD or MMSD employees as appropriate will meet at the beginning of each school year to develop a mutually agreed upon plan for implementing items III.A. through E. herein. This meeting shall be held before the first day of school, unless, due to unavoidable schedule conflicts, another date is agreed to by ALL participants and the date is chosen and agreed prior to the first day of school.
2. The annual implementation plan described in paragraph 1 above shall reflect the balanced approach to police services desired by the Parties. To that end the plan shall identify specific classroom educational opportunities to be provided or facilitated by the ERO in the course of the school year.
3. The participants listed in paragraph 1 above, shall attend additional meetings as necessary throughout the school year to ensure

success of the plan developed at the meeting held at the beginning of the school year.

4. The Parties agree to provide training to newly selected EROs. The training will be provided jointly by MPD and MMSD, and will be scheduled prior to the new ERO assuming his/her position, unless it is impractical to do so. This training will include a one day orientation for MPD staff and MMSD staff. In addition, MMSD, as directed by the Safety Coordinator or school principal, and MPD may designate additional training for new and continuing EROs subject to Attachment B, section VII. When MMSD has designated additional training, the Safety Coordinator will e-mail said training to the ERO and the MPD Captain of Centralized Services and if there is no objection from MPD, the ERO shall attend said training.
5. Each ERO shall submit to the Chief of Police or designee and Superintendent of Schools or designee, at least weekly, a summary of citations, problem solving activity and incidents at the school to which the ERO is assigned. In addition, the ERO shall submit to the Chief of Police or designee and the Superintendent of Schools or designee an annual report on or before July 15 detailing ERO activities for the most recently concluded school year and summarizing the safety/security situation in each high school with an assigned ERO. MMSD and MPD shall work together to determine the format for such report.

IV. Replacement selection:

- A. If it is reasonably anticipated that the assigned ERO will be unable to perform the duties for periods of less than one month for reasons related to vacation, illness or injury, the District Captain, after consulting the school principal and MMSD Coordinator of Safety, will determine if there is a need to assign police personnel available to fill the temporary vacancy.
- B. If the ERO resigns or is otherwise unable or unwilling to perform the duties and the reasonably anticipated absence is one month or longer or is permanent, selection of a replacement shall be made pursuant to sec. I of this Attachment A.
- C. If the ERO will be absent from school or will experience a significant delay of one hour or more in arriving at school, s/he will contact the district commander and the school principal or designee as soon as practicable prior to the start of the school day to inform him/her of the absence/delay. In the event the ERO is unable to make such contact due to an emergency or unforeseen circumstance, the ERO will make such contact as soon as s/he is able to do so.
- D. Performance concerns or complaints regarding the ERO's work shall be promptly brought to the attention of the ERO's commanding officer for investigation and

disposition. MMSD may request MPD to assign a replacement ERO at the school, MPD agrees to review said request and meet with MMSD to discuss all concerns. MPD further agrees to take said request in consideration when determining whether an ERO should be removed from the school. MPD understands that when MMSD brings a concern or complaint alleging the ERO has involvement in criminal conduct, or consistent violations of MPD and/or MMSD policies these have the potential to undermine the ERO's effectiveness and ability to perform their assigned duties. MPD fully understands the seriousness raised in these cases and agrees that when these complaints are brought to the attention of MPD, MPD will thoroughly investigate said complaints and take any necessary discipline actions deemed appropriate, which may include the immediate removal of the ERO from the school.

V. MMSD Will Provide the Following:

- A. Regular, periodic feedback regarding ERO performance as well as immediate information regarding significant, serious ERO performance concerns to the ERO's commander who shall be responsible to take appropriate action.
- B. Secure work space for the ERO.
