

# DID YOU KNOW?

Broad Top Area Medical Center provides comprehensive care for patients of all ages, including Primary Care, Walk-In Services, Dental, Podiatry, Behavioral Health, Pediatrics, and ongoing support—right here at home!

We're proud to continue growing and investing in our community. Our services remain available, our team remains committed, and we're actively working to expand the care we offer.

Appointments are currently available; please visit our website for a full list of all our practice locations.
