Remembering You on Father's Day

Cooking burgers on the porch
Letters to the Editor
Egg in the hole/camping trips
Crazy songs, limericks and stories
"The Person"
Your goofy grin
"I'm My Own Grandpa" song
Pa Kane
C.O.W.
"I'm Down"
Looking for Mom if she was a
minute late
"Pick Up!"
That phone call
(from the roller rink)
All the driving lessons
(not sure how you survived
some of us!)

Hard to believe it's been 15 years
Dad.

Time doesn't make things better.
It just makes things different.

There is no doubt you are
probably
having a blast, with baseball
games and all of your dogs. But
that doesn't make us miss you
any less.

Thank you for being the best Dad ever!

Love, All of Us
