Memories of a Special Daughters

*Why were you taken? It doesn't seem fair.
And now there's a pain that is so hard to bear.
Especially at Christmas, a joyous time of the year which is
all about families but my memories are still clear.
And the fact is, my dear daughter, that these pictures of you
do provide consolation and help me to get through.
You make everyone smile, you were as bright as the sun.
Simply bursting with love, giving laughter and fun.
So, although there is a sadness that we aren't together,
the love you provided will live on forever.*

*Merry Christmas, Love Always
