What's It All About

Photo Credit Istockphoto.com/BrianAJackson

Our children seem to be increasingly intelligent at an earlier age, yet they do not have the wisdom and learned logic they need to know 'what it's all about'. Those of us who are older have learned from experience that curiosity and immaturity can be dangerous partners...even more so in today's culture of instant access. How can we help our youngsters make sense of it all? Parents can begin early to teach their children right from wrong and show them by example the basic principles of responsibility and faithful living. Use the most reliable resource available to give your children the future they deserve; visit your house of worship each week.
